Col. Henry R. Harris.

Editors Constitution: In my last article, instead of saying (as the types represented me) that Col. Harris "has been informed a Democrat," I said "he has been uniformly a Democrat."

This I still said. And I venture to say he will be found by the Conservatives and Democrats of the 4th Congressional District, both worthy and well qualified to represent Georgia in Congress.

The people of Merriwether, his native county, think so with remarkable unanimity.

TROUP.

GEORGIA LEGISLATURE

SENATE—NIGHT SESSION.

FRIDAY, August 23, 1872.

Senate met at 8 30, P. M.

To require the Ordinary of Upson to let out contracts for public works according to sealed proposals. Passed.

To authorize the transfer of executions on certain conditions. Passed.

To carry into effect the second clause 11th section, 6th article of the Constitution. Passed.

To limit the liens of Justices' Courts. Passed.

To empower the Importing and Exporting Company of Georgia to sue and be sued. Passed.

To allow N. B. Singleterry, of Schley county, to practice medicine in Macon and Schley counties.

Senator Hicks offered an amendment "after he shall have received a diploma from some chartered Medical College." Lost.

Senator Cone offered an amendment, that the Senator from the 9th be allowed to practice and charge for it. Lost.

Senator Jones hoped the bill would pass. It is true that Mr. Singleterry is not a regular graduate, but he is a successful practitioner. He was in the Confederate hospitals during the war as a physician and made himself useful, and his worth was recognized by the regular surgeons. His neighbors ask that this bill pass, because they know his worth. When he is called to see a patient he does not look as wise and use as many technic l terms as graduates. If a patient is cross-eyed he says so, and not call it strabismus. If disease of the throat he does not say tonsilitis. If the patient needed bleeding he would tell them so, and not say they must be plhebotomised. He was very successful in sore leg, itch, etc. For treating the diseases to which Young America is heir, such as measles, bold hives, thrush, etc., he had few equals, and no superiors. Some doctors are born so—he was the seventh son. True he is a botanical doctor, termed in derision a root doctor, but I am partial to that practice. It is a good practice for many diseases, especially in Southwest Georgia where the diseases are mostly of a type and generally of a mild form. Besides, it is a cheap practice, they use no costly medicines, but catnip, pink-root, red pepper, composition tea and lobelia. Hence it costs them less, and they can afford to practice for less. I knew an old Dutchman who said he preferred the root doctor to any other, for, remarked he, "you remember my son Shacob? Well, Shacob got sick and I sent for one of them mineral doctors, and he come and doctored Shacob, and he doctored Shacob $200 or $300 worth, and he bout break me up. Shacob he no git better, and I send for one root doctor. He came, he look at Shacob, he mix up some wake robbin, bobbin cun tobbin, yam tater and lobelia and give it to him, and Shacob died off shust as easy and it didn't cost me nothing hardly."

Senator Jones appealed to married Senators, in the name of the mothers and babies of the land, to vote for the bill. Go home and tell their wives what they had done and each would get an extra kiss. He appealed to the bachelors from the 14th and 42d to vote for the bill, for the same reason, for while they had no immediate call for the services of Dr. Singleterry, yet there was no telling what a day may bring forth. They may have met with many rebuffs and felt the smart of the slipper, yet they should not dispair. The speaker, the Senators from the 25th, the 34th and the 39th, were all married men, which was an encouraging fact. He appealed to colored Senators to vote for the bill, for while the applicant is not a negro he is a very dark-skinned white man; so much so, (the speaker was informed,) that he was ten years old before his mother decided whether she would leave him in the kitchen or bring him in the house. [This affecting appeal had the desired effect. Senators would wipe their eyes and vote yea. Senator Jones had the degree of R. D., conferred on him at the conclusion by the Senate faculty.]

STATE DEPOSITS.

A Senate resolution directing the Treasurer of the State to deposit the funds of the State Treasury in the bank of the Georgia Railroad and Banking Company; and prohibiting the Treasurer, or any officer holding State funds from receiving interest on deposits or other use of the same.

Mr. Hoge opposed the bill. He believed it to be purely in the interest of the Georgia Railroad. Moreover, the fact of depositing in the Georgia Railroad Bank was no security against loss, for the cashier of that bank was obliged to recognize the order of the Treasurer for any amount. The bond of the Sheriff was the only safeguard.

Mr. Bacon thought, since the Atlanta National Bank being subject to Federal legislation, it would be better to deposit in a Georgia bank, though he would not designate any bank.

Mr. Crittenden thought it altogether unnecessary to legislate the funds into any bank. The Governor and Treasurer had the funds of the State in charge, and to them ought to be given the right to protect them in their own discretion.

Mr. McMillian thought there were some legal and constitutional difficulties. If the Treasurer in obedience to instructions of the Assembly, should make such deposits, he would thereby discharge himself from all liability on his bond. It would change the character of the contract of stewardship of the Treasurer.

On motion of Mr. Johnson, of Spalding, the resolution was laid on the table.

REVISED CODE.

A Senate resolution directing David Irwin, Geo. N. Lester and Walter B. Hill, who are now engaged in revising the Code, to submit a copy to the Attorney General, who shall examine the same at the expense of the revisers; and upon his approval, the Governor shall subscribe for as many copies as he may think proper, for the State, was agreed to.

WASHINGTON, D. C., August 24.—Two men, brought from Carter county to St. Louis, charged with whipping, were discharged by United States Commissioner. The affair was non-political and, therefor, the Ku-Klux Act unoperative.

NEW YORK, August 24.—It is thought that General Slocum will be the candidate of the Democrats for Governor.

The Tribune says Comptroller Connolly has not been further than fifty miles from New York, most of the time in Westchester county; that he will turn States evidence and his testimony will absolutely convict Tweed and twenty other ring officials whose names have thus far not been published. He will first appear to testify against the voucher thieves under Attorney General Barlow's instructions.

Thomas Dundee, aged 40 years, a wealthy English-American, and wholesale lace importer, attempted suicide four times yesterday while in a fit of delirium tremens. He first ran a needle in his throat, then rushed to a drug store and seizing a bottle marked poison swallowed the contents, he then stabbed himself with a pen-knife; and when seized and rescued for the third time, he broke away and plunged a butcher knife into his breast. The latter wound will probably prove fatal.

A Martinsburg dispatch states that enough is known to say that the Constitution is defeated and Jacobs elected Governor of West Virginia.

FOR GOVERNOR:

JAMES M. SMITH,

OF MUSCOGEE.

Augusta Fair.

We have an invitation to attend the third annual Fair of the Cotton States Mechanical and Agricultural Fair Association at Augusta, in October, from the 22d to 26th.

The Montana Triumph.

The Democratic majority in the territory of Montana approximates 500. Last year the Radicals carried the territory and elected Clagett to Congress by 413 majority. This shows a Democratic and Liberal gain of nearly 1,000 in a total vote of 10,000, giving a gain of a Democratic Congressman in the election of Maginnis, and securing an unmistakable indorsement of Greeley and Brown.

The Police Bill.

We print in another column a card from Colonel Hoge, to which we call special attion. Our Representative explains his connection with the police bill. There should be no unreasoning condemnation. Colonel Hoge is a true Democrat, and at the head of the most important committee of the Legislature, the Judiciary, has worked day [illegible] night for the people's [illegible] interests—worked faithfully [illegible] and ably. There should be no passion or prejudice in passing judgment upon his action in the premises. The bill is dead.

Elected Judges.

In New York Judges used to be appointed. The law was changed and they were elected for fourteen years. In 1873 the question of continuing the elective system is to be submitted to the people, for them to decide whether the experiment shall be sustained.

The elective system has not worked well. It has tended to judicial corruption. Four Judges in the last year have been removed—Prindle, Cardozo, McCunn and Barnard. The evidence of their dishonesty was overwhelming.

The New York press is now clamoring for a return to the system of appointment, arguing that the elective system produces crops of impeachable Judges.

Who Were They!

An Atlanta letter says two of the Muscogee county delegates to the late State Convention did not attend the sittings of the convention, but rode all day in the Kimball House elevator. One of the gentlemen accused of that luxurious piece of extravagance excuses himself by saying that, being a plain, old-fashioned farmer's son, he was ignorant of the ways of the world, and as he had heard that the Kimball House was built with the people's money, he thought of course the elevator was a "free thing," and "went in" for the purpose of securing the interest on his share of the stock in the concern *Columbus Sun.*

Senator A. J. Simmons.

This gentleman is strongly suggested for the vacancy in our Congressional delegation made by the death of Mr. Speer. We would be glad to see Colonel Simmons in Congress, but we are constrained to agree with those, who urge his return to the Senate. He is needed there. No stauncher guardian of the rights of the people, and no more faithful representative of their interests can be had. We do not believe that any citizen of Atlanta has ever entered the Senate Chamber and found his seat vacant. He is capable, vigilant, faithful; and we trust to see him returned, whether he wishes to do so or not. He first broke the serried ranks of Radicalism in his Senatorial District, and we hope to see him ride over them again.

Greeley Notes.

Maryland has 8,000 members of colored Greeley clubs.

Springfield, Illinois, has 751 Greeley Germans, 4 for Grant and 14 doubtful. Evansville, Indiana has 400 Greeley Republicans.

Ben Wood, of the New York Evening News, offers a standing bet, untaken as yet, of $10,000 that Greeley will be President.

Batavia, New York, has 100 Greeley Republicans; Ossian, New York, 31; Badinsville, New York, 55; Moravia, 78.

Ex-Senator D. W. C. Wilson, of Sparta, Wis.; W. H. Morrow, Grant's Postmaster at Tipton, Iowa; Stephen Sanford, of New York, Grant ex-Congressman; Frederick Lauer, Honorary President of the American Brewers' Congress; Isaac Benton, Grant ex-State Senator, of Pennsylvania; and hosts of others, leading Grant men, are out for Greeley.

The Portsmouth, N. H., Times says the indications are that Greeley will carry New Hampshire by an overwhelming majority.

Maine is also claimed for Greeley.

The West Virginia Election.

The telegraph is now announcing the result of the election in West Virginia on Thursday. To enable our readers to understand the returns, we give a few facts. The thing is mixed. Both candidates are Democrats. Camden is the Democratic nominee. Jacob, the present Governor, sought nomination, failed to get it, bolted, and has run independent, supported by the Radicals. There is very little Greeley in the contest. The principal issue is the ratification of the new Constitution. Camden is for ratification; Jacob and the Radicals against. If the Constitution is rejected, the election will go for nothing and will have to be done over again. The Radicals want this to have another chance. The whole vote in 1868 was 49,153; in 1870, 55,607; in 1871, 57,858. The State was Republican to within two years by over 4,000 majority. At the last two elections it has been Democratic by under 3,000 majority.

The Democrats are split. The Radicals help the bolter, of course; and the Liberal Republicans the regular nominee. With a united Democracy, the victory would be easy over the Radicals.

The contest will be close.

Mr. Stephens.

The Sun of yesterday has three editorial articles by Mr. Stephens addressed to us. We regret that want of space prevents our copying them, as they present the whole advocacy of the choice of our Straight friends by its "champion statesman." They contain nothing new, however.

To that part of our neighbor's articles which speaks of our "face," "irrelevant stuff," etc., we have no reply. If it pleases him we have no objection.

Our neighbor owns that the platforms of the Democratic party and the "straights" in Georgia are the same in principle, differing only as to candidate. Principle therefore being preserved, and "principles not men," being the Democratic doctrine, the controversy might well be dropped here.

2. Mr. Stephens says Greeley's nomination was a "needless affront" to the "straights." This a very queer thing to decide great political measures. As the good of the country, however, was the aim of the movement, our affronted friends will be generous enough to forgive.

3. Mr. Stephens will please say what principles of the Baltimore Convention we have repudiated on which Mr. Greeley is pledged to run the government?

4. Mr. Stephens' whole argument is based on incorrect premises. He misrepresents Mr. Greeley and the Democrats who support him. Of course his conclusions are incorrect. He denies that Mr. Greeley *now is* what he says he is. Mr. Greeley speaks for himself. He advocates principles in direct antagonism with every Radical outrage and usurpation. Mr. Stephens says Greeley now sanctions them. Mr. Greeley don't. Mr. Greeley demands full amnesty. Mr. Greeley demands "local self-government" as against "centralized power" to secure the "rights of citizens." No usurpation sanctioned there. He demands "supremacy of civil over military authority, and freedom of person under *habeas corpus.*" No usurpation sanctioned there!

He demands "for the State self-government, and for the nation a return to the methods of peace and the constitutional limitations of power." No usurpations sanctioned there. This is all of it good enough Democracy for us, and if carried out will stop usurpations completely.

Mr. Greeley has a right to state his own status. He has done so. Mr. Stephens denies him this right, and argues Greeley to stand identically with Grant when he is diametrically opposed to him in the cardinal Democratic doctrines above mentioned. So far does Mr. Stephens go that he absolutely contends that the arraignment of Grant's administration in the address accompanying the Cincinnati platform, which enunciates the above Democratic principles, is not to be considered as the action of the convention, and belittles the address by terming it [illegible] the "opinions of scriveners" [illegible] The address is part of the platform.

Mr. Stephens further misrepresents the Democracy as going to Radicalism by supporting Greeley. This is wholly incorrect. In him they support local self-government, the *habeas corpus*, return to constitutional restriction, amnesty and reform. If this is Democratic then there is no abandonment of principle.

Mr. Stephens has no right to misrepresent either Mr. Greeley or the Democracy.

Now we have shown that the State party has preserved principle, that Greeley is for principles that correct usurpations, and that the Democracy support him to secure the success of essential doctrines.

We further call his attention to the fact that his squad of "straights" was unable to prevent Greeley's nomination by the State and National Democracy by overwhelming majorities. They are equally powerless now to change the programme. The result of their action is therefore to divide the party, defeat Democratic principle, elect Grant and continue Radicalism with its despotism and Southern oppression for another four years.

We ask in kindness that Mr. Stephens will show us any benefit to offset the terrible evils of Grant's re election.

Cotton.

The receipts this week are 4,000 bales—3,000 less than last year, and 1,000 less than two years since. It is likely the receipts for next week will be over 6,000 bales, compared with 8,000 last year and 7,000 the year before; and receipts at the interior towns 500 bales compared with 1,500 last year, and 2,000 the year before.

The weather this week has been really hot, the thermometer averaging 88 degrees at noon; a light rain one night, the balance of the week as we indicated it might be.

For next week we see no reason for any material change in the weather, compared with the past week, though the extreme heat may cause thunder showers in some parts of the country.

For several months past we have been able to indicate the weather almost exactly from week to week, and in some cases several weeks ahead.

The receipts of new cotton at Galveston, Texas, this week have been 1,800 bales, and we expect the receipts at that port to be over 3,000 bales next week.

In a few years more Texas will be one of the largest and most successful cotton growing States in the South, and her planters understand their interest well, they believe the price will soon be lower on account of the large crop, and are taking advantage of it now. In proof of this, the receipts of new cotton at Galveston next month will be very much larger than ever before in the same time. The receipts at Galveston during the month of September, 1869, were 8,000; 1870, 4,000; 1871, 12,000, while this year we estimate them at 25,000 bales, for the same time. And our estimate of total receipts for September this year is 125,000 bales against 76,000 last year same time.

The flood that came in Alabama about the middle of last month exceeded any other one ever known in the State except one in 1846, when 13½ inches of rain fell in 24 hours; this year 13 inches in the same time. But, as disastrous as it was, the damage is not nearly so bad as at first believed; for, after the water ran off of the fields, which it did in a very few days, the cotton plant righted up and began to grow again, and the loss will be less than half what it was supposed it would be at first, probably about 40,000 bales. To show there is no room for the fear of a short supply of American cotton in Liverpool this fall, we make the supply 33,000 bales per week, until November 1st, ten weeks, leaving a stock of 50,000 bales in hand at that date. As to the supply for our own spinners we wrote four weeks ago, when many expected a famine, that there would be an abundance; and now everybody knows it. Gold seems to have touched the top, as it is 13 now against 15¼ last week. The market in New York has been active, and higher for the past week; this we expected, as the price had been steady at 21¾ for ten days, it was not likely it would remain at that price much longer, and there were several reasons why it should advance a little just now; and, although we do not expect much change in the price, still Liverpool and New York may both show more firmness and activity next week. The reports from three-fourths of the cotton States are, cotton is splendid, never better, except perhaps in 1870. Some injury is reported from rust in a few counties, caused by too much rain followed by the fierce rays of an August sun. Some damage is also reported from the boll worm, but this amounts to nothing, as the damage is always local and about the same each year. What we most fear is the cotton caterpiller. At this time they are doing immense damage in some localities; for instance in Southwest Georgia, in a belt adjoining Florida, seventy miles wide, we believe they will eat every leaf, square and bloom from the cotton plant, on most of the plantations, by September 15th. This may look like a bull circular, but such as it is we have written just what we believe, still if we had any cotton on hand we would take advantage of these good prices and active market to dispose of it to some spinner. If there was no injury to the crop and no fear of any soon, the price would very soon drop to 18 cents in New York, but the short supply of old cotton on hand, which many good men have reasons to believe is true, the certainty of damage from caterpillars, amounting to perhaps 200,000 bales, and the prevailing belief in an early killing frost, within two months, keeps the price up. After these things are past, if the crop seems to be large, the price will most certainly decline, and if it should go to a low point, which many believe, we may have a serious rebound next spring and summer. We would say to our numerous readers, if any of you are in possession of any fact, in relation to cotton, we would take it as a favor to receive a line from you.

The Georgia Campaign.

Columbus has a colored Greeley Club. Ninety joined. J. E. Webster and A. J. Ketchum, former Grant negroes, spoke and were applauded.

The Columbus Sun says that T. W. Grimes and Reese Crawford, delegates to the Atlanta "Straight" Convention, have returned. They were in the morning caucus. Mr. Seward and Jack Brown urged State nominations. Grimes and Crawford opposed, as also did Henry Persons. It was voted down by a considerable majority. Grimes and Crawford did not go into the convention.

The Sun says Col. A. H. Chappell nominated as a "straight" delegate to Louisville prefers Greeley to Grant, and has advised nonaction by the "straights," and has said he would have advised it if he had attended the straight convention.

Morgan county has organized a Democratic Executive Committee.

The Whitfield Democracy send the following delegates to the Congressional Convention: L. N. Trammell, I. E. Shumate, T. R. Jones, W. W. Sebastian, Dr. Clements. They are to vote for Col. Johnson for Congress.

McDuffie county had a big Democratic mass meeting yesterday.

The Gainesville [illegible] Eagle notices that none of the upper [illegible] counties were represented in the "straight" convention, and says the people in the white settlements are almost unanimous for Greeley.

General E. L. Thomas, of Newton, is suggested for Congress.

The Fannin county Democracy compliment Colonel Wm. P. Price.

General Benning is doing splendid service in the Democratic cause.

General Gordon will speak at Barnesville on Saturday, the 31st of August.

Editors Constitution: I desire to make a condensed statement in reference to the bill that passed the House of Representatives a few days ago providing that after the second regular meeting of the Council next hereafter elected police officers and policemen should be removed from office only for failure to properly discharge their duties.

I introduced the bill by request, and on the representation, which I believed, and still believe, to be true, that it met the hearty approval of a majority of the members of the present Council and the other representatives of this city and county in the House of Representatives and the Senate.

The number of the bill on the calendar was 532, the whole number introduced being 705. I have no doubt that the bill was read and acted on in its regular order though I do not remember to have seen it or heard it read till it was put upon its passage. I never uttered one word, nor do I believe any one else ever did, either for or against the bill in the hearing of any member either publishing or privately in the House or out of it. Some time before the bill was reached I was requested by one who would be benefitted by it, and I presumed he represented all, to withdraw it if any objection was made in the House.

The insinuation by anybody that ever a cent or any other consideration was used or promised to procure the passage of the bill, if intended for me is basely, despicably false. "I don him to his proofs."

The object sought to be accomplished by the bill, as I understand it, was to place the police force beyond the temptation to neglect duty and canvass actively, for candidates pledged to their re-election and to compel them to rely solely on good behavior. Policemen are sorely puzzled to decide for whom they must canvass in the different wards, for a mistake in their guess as to the successful candidates is fatal to their hopes of re-election, and it would be most agreeable to them, no doubt, to be relieved of the necessity of hazzarding their positions upon a mere surmise as to the strength of candidates. Consequently if their retention in office depended on good behavior *solely*, they would take no risks but would "hands off" in all municipal elections. And besides, the Council could pass an ordinance, forbidding any active participation in elections by policemen, and a violation of this ordinance as well as of any other, would be ample cause for their removal. It would require no "high court of impeachment" to remove a policeman for the violation of an ordinance. The same proceeding would hereafter be required that has been heretofore practiced, and no complaint of that has ever been heard.

This was the object aimed at. I think it a good one. The precise method pointed out in the bill did not meet my unqualified approval, but I yielded to the request to introduce it upon the representations named in the beginning of this article. E. F. HOGE.

VERMONT LETTER.

The Growing Crops—Stock—Agricultural Spirit—Politics, etc.

ST. ALBANS, VT., August 19, 1872.

Editors Constitution: Thinking it may interest your numerous readers to know something of what is passing in this Green Mountain section, I send you a few lines on the crops and the political situation, so far as I can learn it. The crop of grass is magnificent, better than for several years past, as the dairy business and stock-raising are the principal occupation of farming. The hay crop is very important. Oats and Irish potatoes are the next. Most common and important crops, corn, wheat, barley and rye are all raised in small quantities, and all are very promising.

The cattle of Vermont are fine for milk or beef, being generally pure Devons, or crossed with Durham and Ayreshire.

I have seen but few fine horses, most of them are Morgan and Canadian crosses. They have great powers of endurance and are good trotters, but they are not elegant to look at. The sheep of Vermont are numerous, and stand a number one in all the markets, whether for wool or mutton. The hill sides and mountain tops are alive with them. The people are hard working, industrious and economical. To have the largest and best filled barn is the highest ambition of each farmer. Agricultural clubs exist in every town and these united make up the county and State annual fairs, which have done so much of late years to improve the cultivation of the New England soil. Much of the labor of cultivation and gathering of crops is done by improved agricultural implements or labor saving machines. Labor is very scarce and these machines do the work of many hands.

The great staple—butter—is low this season and the farmers are blue, but they console themselves by freely discussing Grant and Greeley, and much excitement is manifested on either side, as they wax warm in argument, but a Vermonter seldom swears higher than to say dam it or "tarnal fool." So I hear of no fights except with the tongue. This state is the star that never sets by changing its politics, so it is said, and so I presume it will continue in this campaign, but Greeley and Brown clubs are numerous all over the State and they are very enthusiastic for "Uncle Horace." From all I can learn by close observation and conversation with leading men, I conclude Grant's majority of 1868 will be greatly reduced in this State in November.

Gen. Kilpatrick on last Thursday night addressed a very large and enthusiastic audience of ladies and gentlemen in the hall of this city. For an hour and a half he poured hail and fire on Gen. Grant and Wilson and their party generally.

The General is a fluent and forcible and pleasant speaker, full of good humor and abounding in anecdotes which bring down the house, as he makes the application. I listened attentively, but I could not forget that his horse's hoofs had trod the soil of Georgia under Sherman.

The fight here will be a lively one and earnest to the election in November. In two weeks comes off the State election for Governor, members of the Legislature, etc. Each party is girding on the harness for the struggle then and in November.

I get THE CONSTITUTION pretty regularly, and I look eagerly for the news from Atlanta.

Very truly, yours, R.

Presidential Canvass.

Col. P. F. Smith, of Newnan, Georgia, the alternate elector for the 4th Congressional District, on the Liberal Democratic Republican ticket, opened the canvass at Fairburn on last Friday. He demonstrated, beyond a doubt, that Dr. Greeley was, by far, preferable to Gen. Grant for the Presidency.

The speech was able, dispassionate and systematic, and his conclusions and deductions strictly logical; his style pleasant, agreeable and persuasive, combining the beauties of rhetoric with the force of logic.

Colonel. Smith is a young man just starting in life, and will some day be numbered among Georgia's great men. The speech carried conviction to the hearts of his hearers. We cannot find a single Grant man who heard the speech and but one straight Democrat.

Colonel Smith also spoke at Palmetto on last Saturday and even made Greeley men of the colored voters.—*Fairburn Waif.*

Why Greeley Should be Voted for.

Let there be no crimination or recrimination on account of acts of other days,—*A. H Stephens.*

No canvassing of past conduct. Great disasters are upon us and upon the whole country; and, without inquiring how these originated, or at whose door the fault should be laid, let us now, as comon sharers of common misfortunes, on all occasions *consult only as to the best means, under the circumstances as we find them, to secure the best ends towards future amelioration.—A. H. Stephens.*

Let old issues, old questions, old differences and old feuds be regarded as fossils of another epoch. They belong to what may hereafter be considered as the silurian period of our history.—*A. H. Stephens.*

Let all patriots, by whatever distinctive name heretofore styled, rally, in all sections everywhere, to the support of him, BE HE WHO HE MAY, WHO BEARS THE STANDARD WITH CONSTITUTIONAL UNION EMBLAZONED ON ITS FOLDS.—*A. H. Stephens.*

Greeley bears the standard of Constitutional Union. Let all patriots rally to him.

Let there be no canvassing of his past conduct. That belongs to the silurian period of our history.

ATLANTA, August 23, 1872.—In response to a circular requesting the citizens of Atlanta, without regard to party, to assemble and protest against the passage of a certain act now pending before the State Senate, a large number of citizens, white and colored, met in the City Hall at 8½ o'clock, P. M.

On motion of Captain E. C. Murphy, Judge J. A. Hayden was called to the chair; and, on motion of Colonel J. R. Wallace, J. A. Anderson was requested to act as secretary.

Judge Hayden, in a few forcible remarks, stated the object of the meeting to be to take action with reference to a bill now pending before the Georgia Senate, which the Secretary read, whereon C. P. McGuire, Esq., moved that a resolution be passed stating that the bill dispensing with the annual election of Deputy Marshal, Lieutenants of Police, guard house keepers and policemen, is repugnant to the people of Atlanta, and that the gentleman to whom the bill owes its paternity, whoever he may be, deserves to be proscribed forever. The motion was seconded, and Col. John Thomas, in response to loud and continued calls, responded in his racy, sensible and characteristic style, closing by moving the appointment of a committee of twenty-five of the best citizens of Atlanta to prepare a suitable memorial to present to the Senate to-morrow protesting against the passage of the bill referred to. The motion being seconded the question was put, and the motion carried. The chair appointed the following committee:

John Collier, J. H. James, John Thomas, John H. Flynn, A. Murphy, J. F. Alexander, John Stephens, George Hillyer, H. P. Farrow, J. C. Peck, W. M. Middlebrooks, H. J. Cox, M. Mahoney, C. P. McGuire, David Mayer, Max Corput, John Keely, T. G. Healy, Henry Jackson, W. J. Garrett, W. A. Hemphill, W. L. Abbott, J. Henly Smith, G. T. Dodd, and J. R. Wallace. The committee having retired, Maj. George Hillyer, in response to calls, said that he had no reason to go out of his way to defend Col Hoge, because Col. H. had generally been against him in most things he wanted, and what he said was, therefore, entirely disinterested. Col. Hoge was not at all to blame in the matter. The bill was a blow aimed at a very great evil, and that is, that policemen for the last six months of their official term devote their time to electioneering for a re-election instead of protecting the people from disorder. The bill may not be properly drawn, but if so, it is from accident, and not intention. But he desired to say that as a faithful representative, he should conform his action in the matter to the wishes of this meeting which, from the number, shows so plainly what the people want. He had already got control of the bill so as to delay action until this meeting could be heard from, and should now endeavor to have the Senate throw out the bill, and he had no doubt, the movers of the bill in the House would do the same.

Capt. John Milledge dwelt on the rights of the people to make their own laws, select their rulers, etc; would not discuss the act now under consideration. Col. Hoge was his friend, the people knew him; some of those present had fought under him; an honest man—whatever conscience dictated he would do regardless of consequences; if in error it was an error of the head and not of the heart. It is proper to add that both speakers complimented the police on their efficiency, etc. J. C. Dunlap, Esq., stated this was the first time he had been called on to open his mouth since he had been in the city: asked a policeman what this bill meant; policeman didn't know; was the daddy of fourteen children by a living wife; had been arrested and carried to the calaboose for drunkenness, etc.; asked his high Mightiness, Lieutenant Johnson not to outrage him by suffering such a charge to be preferred against him, etc.; Johnson grins and says your face is red, looks like you are drunk, was opposed to the bill. So was William Finch, the next speaker, who deviated from his remarks, when the committee, through Judge John Collier their chairman, presented the following preamble and resolutions, which were read by Colonel H. P. Farrow, secretary of the committee:

Whereas, A bill has passed the House of Representatives of the General Assembly of Georgia, and is now pending in the Senate, which contains the following provisions:

Section 2. And be it further enacted, That there shall hereafter be no annual election of Deputy Marshal, Lieutenants of Police, Guard-house Keepers, and policemen, but the persons who may be discharging the duties of Deputy Marshal, Lieutenants of Police, Guard-house Keepers and policemen at the time of the passage of this Act, shall continue so to do until they shall respectively be dismissed for the violation of the ordinances of said city, either by omission or commission, or for physical or mental inability, properly to discharge the duties devolving upon them; provided, that nothing herein contained shall prevent the Mayor and Council next hereafter elected, at their first or second regular meeting after their qualification, from removing any Deputy Marshal, Lieutenant of Police, Guard House Keeper, or Policeman, who may in their judgment be unsuited to the position; and provided further, that vacancies occurring in the offices aforesaid shall be filled or not as the Mayor and Council may elect;

And, whereas, the provisions of said bill are totally in conflict with every true principle of government, and tend to convert our Government from a representative to a monarchial government; and whereas we profoundly regret that such a bill should have passed the House, and feel constrained to express our most unqualified condemnation of such a measure therefore,

Resolved, That we, citizens of Atlanta, hereby declare our regret and mortification at the introduction and passage of said bill in the House, and respectfully petition each and every member of the Senate to vote against said bill.

Resolved further, That our Senator Hon. George Hillyer is hereby appointed a committee of one to present the action of this meeting to the Senate.

After the reading of the preamble and resolutions Judge Collier in a few earnest and well-timed remarks urged the people to guard their rights with unceasing vigilance—warned them to beware of the encroachments of those in power. Power was grasping. Few honorable exceptions. Referred to the Bullock prolongation—the charge against the Republicans of a desire to change the form of the Government, and wondered what Atlanta had done to be cursed with this bill, which if passed would be the precedent to untold evil.

Senator Hillyer now reiterated his statement to the meeting, that the fate of the bill depended on the wishes of this meeting. It is due him to state that the evil he referred to in his first speech was the necessity for policemen under the present plan to electioneer for the last four months of every year.

Colonel H. P. Farrow said that two years and one month ago he occupied the same stand to oppose a prolongation of the term of office of the Governor and Legislature of Georgia inaugurated by the Republican party. Misguided honest men voted for it then and now, but it was wrong then and now. The occasion referred to was one of the most painful of his life.

Throughout the whole meeting the audience was wildly enthusiastic, demonstrating the fact that the people, the whole people of Atlanta, are true to free governmental principles as the needle to the pole.

At the close of Col. Farrow's remarks, a motion was offered that the preamble and resolutions be adopted, and copies of the proceedings be furnished the city papers, and they be requested to publish the same, also that a copy be furnished Senator Hillyer.

On motion the meeting adjourned.

ANOTHER RICHMOND IN THE FIELD.—*Attention Candidates, Voters, Sufferage-Slingers. One more Unfortunate Weary of (private) Life.*—The undersigned, after mature deliberation based upon the idea that principles vs. poverty, furnish a platform strong enough to stand a tremendous pressure, has deliberately determined to sacrifice his poverty. He therefore raises for his slogan his "battle cry of freedom," the unique, yet patriotic chant of "A bas la poverty," and calls upon his friends in this Straight-Out, Liberal (un)galvanized, yet candid(ate) style, to rally to his standard.

So walk up, run up, get up, any way so you come up, to my office on Alabama street, over A. Leyden's store, where the aforesaid undersigned will enlighten you how legally to come through the meshes which the wily, versed in "the ways that are dark, and tricks that are vain," encompass the innocent Democrat, Liberal, Conservative, Radical candidate, voter, suffrage slinger, of whatever name, race, color or previous condition, etc., etc. Charges reasonable.

W. A. TIGNOR,
Attorney at Law.

P. S.—The office on Alabama street is not related to "Alabama Claims," but will not let Alabama Relations, Georgia Relations, or any other Relations interfere with a prompt attention to any claims intrusted to him.

REST.

BY FATHER RYAN.

My feet are wearied—and my hands are tired—
My soul oppressed—
And with desire have I long desired
Rest—only rest.

'Tis hard to toil—when toil is almost vain
In barren ways—
'Tis hard to sow—and never garner grain
In harvest days.

The burden of my days is hard to bear—
But God knows best,
And I have prayed—but vain has been my prayer
For rest sweet rest.

'Tis hard to plant in Spring—and never reap
The Autumn yield—
'Tis hard to till—and when 'tis tilled to weep
O'er fruitless fields.

And so I cry a weak and human cry
So heart-oppressed—
And so I sigh a weak and human sigh
For rest—for rest.

My way has wound across the desert years,
And cares infest
My path, and thro' the flowing of hot tears
I pine for rest.

'Twas always so; when still a child I laid
On mother's breast
My wearied little head; e'en then I prayed
As now, for rest.

And I am restless still; 'twill soon be o'er;
For, down the west,
Life's sun is setting, and I see the shore
Where I shall rest.

Georgia News.

An accident happened on the 21st., to a lumber train on the Atlantic and Gulf Railroad, by which two persons, the engineer Thomas Rahn, and the fireman were scalded, and a passenger John M. Hucks, was mortally wounded. The accident was the explosion of the boiler of the engine Florida.—*Savannah News.*

For the week ending August 17, a patent has been awarded R. M. Brooks, of Pike county, for a portable revolving screw press, also a patent to J. L. Lamar, of Augusta, for a railway car brake.

Hon. B. H. Hill, has accepted an invitation to address the Greeley and Brown Club of Savannah. Mr. John T. Ford, has secured the services of a first class stock company, and will give some first class entertainments in Savannah during the coming season.—*Savannah Republican.*

The Straight-out Convention in Atlanta was a manifest and admitted failure, and ought to satisfy its friends of the fruitlessness and hopelessness of the straight-out movement in Georgia.—*Southern Banner.*

Seventy thousand dollars in stock has been taken in the Savannah Factory.

The Washington Gazette, advises the Atlanta papers to adopt two rules in regard to publishing cards relating to personal difficulties. First, that all publications of that character be charged at the highest advertising rates. Secondly, that no personal card or account of any difficulty be published unless all the parties to it pledge themselves to fight.

The Lamar House in Elberton, was burned last Saturday night, loss about $5,000. Crops in bottom lands in some sections of Elbert county have been seriously injured by recent heavy rains.—*Elberton Gazette.*

The editor of this paper has received a watermelon weighing 61 pounds. The catterpillar is making sad havoc with the cotton in different parts of this county.—*Dawson Journal.*

From looking carefully over the list of delegates to the Straight-out Convention, we are satisfied that not ten counties were represented by regularly appointed delegates. In truth, outside of Atlanta there were only 43 present, and we know a number of them who have been in that city for months, and were appointed by nobody. The committee on resolutions introduced Hon. A. H. Stephens, who wrote the resolutions, as the "championed statesman"—as they would a famous dog, or horse, or cow. The movement is weaker than any thought.—*Columbus Sun.*

Mirth.

"How do you do, sare," said a Frenchman to an English acquaintance. "Rather poorly, thank you," answered the other. "Nay, my dear sare," said the Frenchman, "don't thank me for your illness. I cannot help it."

An enterprising soap-maker in New York daubbed the rocks all the way up the Hudson with the appeal: "Use Smith's Soap," whereupon his rival, the still more enterprising Jones, after much cogitation, started his white-washer up the river to append to each of Mr. Smith's appeals: "If you can't get Jones."

During our late war there was a young man in the army who did not join of his own free will. He was drafted. He was not a brave young man; quite the otherwise. One day during a bloody battle our young friend showed such a remarkably large white feather, that his captain was obliged to threaten him with his pistol, in order to keep him from running away altogether. Then the youth began to cry. "You ought to be ashamed of yourself," said the captain; "you're no better than a baby." "*I wish—I wuz—a baby,*" blubbered our hero, "*an' a gal baby* at that."

Reading Notices.

It is a mark of the unsuccessful man that he invariably locks his stable door when the horse has been stolen. This sort of wisdom never thinks about bodily health until it is gone. But just as much as any disease has become seated, the power of the system to resist and throw it off is weakened; hence time is all important. For dyspepsia, all diseases of the liver, stomach, skin and kidneys, and all that begin in vitiated blood, do not wait until the trouble is confirmed, but attack it by a timely use of Dr. Walker's California Vinegar Bitters. aug13 4w

Bachelors' Hair Dye.—This superb Hair Dye is the best in the world—perfectly harmless, reliable and instantaneous; no disappointment; no ridiculous tints or disagreeable odor. The genuine Wm. A. Batchelor's Hair Dye produces immediately a splendid black or natural brown, leaves the hair clean, soft, beautiful; does not contain a particle of lead or any injurious compound. A Disease With a Thousand Symptoms.—Dyspepsia is the most perplexing of all human ailments. Its symptoms are almost infinite in their variety, and the forlorn and despondent victims of the disease often fancy themselves the prey, in turn, of every known malady. This is due, in part, to the close sympathy which exists between the stomach and the brain, and in part, also, to the fact that any disturbance of the digestive function necessarily disorders the liver, the bowels and the nervous system, and affects, to some extent, the quality of the blood. A medicine that, like Hostetter's Bitters, not only tones the stomach but at the same time controls the liver, produces a regular habit of body, braces the nerves, purifies the fluids and "ministers to a mind diseased," is therefore the true and only specific for chronic indigestion. Such is the operation of this famous vegetable restorative. It not only cures dyspepsia, but also all concomitants and consequences. Moreover, it is invaluable as a preventive of indigestion. No one who chooses to take half a wineglassful of this agreeable appetizer and stomachic habitually three times a day will ever be troubled with oppression after eating, nausea, sour eructations, or any other indications of a want of vigor in the digestive and assimilating organs. The debility and languor superinduced by hot weather are immediately and permanently relieved by the Bitters, and persons who are constitutionally inclined to look upon life "as through a glass, darkly," will be apt to take a brighter and more hopeful view of the situation under the genial influence of this wholesome medicinal stimulant. aug20-deod1w&w1t.

The Latest Swindle.—Certain sanctimonious charlatans would fain persuade the world that diffusive stimulants have no medicinal value, and that detestable slops, composed of griping acids and drastic purgatives, are better tonics than the finest vegetable ingredients combined with the purest and mellowest products of the still. But this sort of thing won't go down. The stomach of our common sense rejects it, as the physical stomach of every man with an undepraved palate rejects, with loathing and abhorrence, the nauseous abominations, "free from alcohol," which Humbugs are trying to thrust down the throats of Temperance Invalids under the pretense that the fifth will do them good? It is not likely that while Plantation Bitters, the Standard Tonic of America, is anywhere accessible, such sickening frauds can make much headway, but it is as well to put the public on their guard against them.

Sterling's Southern Series
—OF—
Readers, Orators & Copy Books.

The undersigned now own the plates of this POPULAR SERIES; and as they are the only Purely Southern School Books offered in the market, we submit that it is to the interest of Teachers to patronize them.—Send for circulars of Special Terms to Teachers—VERY LIBERAL. Specimen copies sent free for examination.

Prof. Orr, the Superintendent of Education for Georgia, says of them:

Messrs. J. W. Burke & Co., Macon, Ga.—Gentlemen: I have given to the Sterling Series of School Books, which you have had the kindness to leave with me, such examination as the limited amount of leisure at my command has allowed. With several books of the series I was already familiar, having added greatly to the interest of several public exhibitions, while engaged in active school work, by selections from their pages. While there ought not to be anything offensively sectional in our school literature, I must be allowed to say that it is with feelings of both pleasure and pride that I find in the pages of these books so liberal a recognition of Southern talent. I am glad, too, to learn that their publication is to be transferred to our own State. Southern independence will be soonest achieved by producing, as far as possible, every necessary for the supply of all our wants, both material and mental, upon our own soil. I will only add that I would be pleased to see the books extensively used.

Respectfully yours,
GUSTAVUS J. ORR,
State School Commissioner.

The Great South American
JURUBEBA
BLOOD PURIFIER.

It is not a physic which may give temporary relief to the sufferer for the first few doses, but which, from continued use brings Piles and kindred diseases to aid in weakening the invalid, nor is it a doctored liquor, which, under the popular name of "Bitters" is so extensively palmed off on the public as sovereign remedies, but it is a most powerful Tonic and alterative, pronounced so by the leading medical authorities of London and Paris, and has been long used by the regular physicians of other countries with wonderful remedial results.

DR. WELLS' EXTRACT OF JURUBEBA

retains all the medical virtues peculiar to the plant and must be taken as a permanent curative agent.

Is there want of action in your Liver and Spleen? Unless relieved at once, the blood becomes impure by deleterious secretions, producing scrofulous or skin diseases, Blotches, Felons, Pustules, Canker, Pimples, etc., etc.

Take JURUBEBA to cleanse, purify and restore the vitiated blood to healthy action.

Have you a Dyspeptic Stomach! Unless digestion is promptly aided the system is debilitated with loss of vital force, poverty of the blood, dropsical tendency, general weakness or lassitude.

Take it to assist Digestion without reaction, it will impart youthful vigor to the weary sufferer.

Have you a weakness of the Intestines? You are in danger of Chronic Diarrhoea or the dreadful Inflammation of the Bowels.

Take it to allay irritation and ward off tendency to inflammations.

Have you weakness of the Uterine or Urinary Organs? You must procure instant relief or you are liable to suffering worse than death.

Take it to strengthen organic weakness or life becomes a burden.

Finally it should be frequently taken to keep the system in perfect health or you are otherwise in great danger of malarial, miasmatic or contagious diseases.
